mollie ✕ Sage

Seamless accounting for Sage Business Cloud

Mollie and Sage Business Cloud

Our integration with Sage Business cloud allows for automated synchronisation of Mollie's accounting data. Transactions and settlements will match automatically with corresponding sales.

You have the flexibility to choose your preferred sync interval, whether it be daily, weekly, or monthly, and can easily adjust it within the configuration screen.
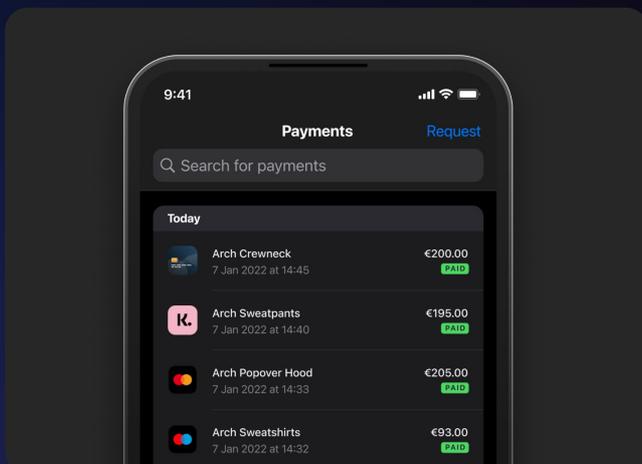

Key features

⚡ All your bookkeeping data automatically synced to Sage. No need for manual exports.

🔄 Receive a summary of your bookkeeping data to make your bookkeeping simple

🕐 Customizable settings, decide if you want to receive daily, weekly or monthly batches

👤✓ Your sales and Mollie settlements will be automatically matched, making reconciliation as easy as can be

Get started with Mollie x Sage

1. Sign in with Mollie on the MazeDigital integration page
