AI-powered contract auditing

Monitor supplier contracts with artificial intelligence to enforce compliance across your AP process.

Spot compliance issues
Comply with policy by being alerted if a contract is expired, a renewal is about to occur, or a supplier no longer meets your liability coverage standards.

Enforce pricing terms
Ensure invoices reflect agreed-upon rates, discounts, and payment terms from the contract.

Negotiate smarter
Streamline process by knowing supplier behavior before negotiating, like which deliver on commitments, which bill you fairly, and which overcharge.
