OUR APPROACH

Architecture
A technological platform without impacts on architecture

Neptune Software
Applications based on a proven platform

Product
Ready-to-use solutions compatible with SAP ECC6 & S / 4

Services
Several levels of services to meet the expectations of our customers

Devices
A recommendation of the material according to the context

Costs
Perpetual licenses and a cost per business package

Experiences
Solutions built on the basis of feedback from customers

Innovation
Taking into account the latest innovations
OUR OFFER
**LIST OF BUSINESS PACKAGES**

**SPARE PARTS**
From receipt to shipping, this package will allow you to digitize your spare parts management process.

**WAREHOUSE**
Digitize the management of your warehouse through the use of mobile applications in this package.

**MAINTENANCE**
Management of notifications, work orders, checklists, this package will offer you "offline" applications for your maintenance technicians.
