

# CyberSecurity Solution

## BaseSistemas & Enigmedia

### Customer challenges

A large client in the petrochemical segment in Spain was looking for a defensive cybersecurity measures in his plant.

### The Solution

This cybersecurity problem was posted in the Exchange Community. Several offer providers responded with links to their offers in Exchange Shop. Finally, Enigmedia’s offer was selected by Baseistemas as the best solution to the problem of the End User.

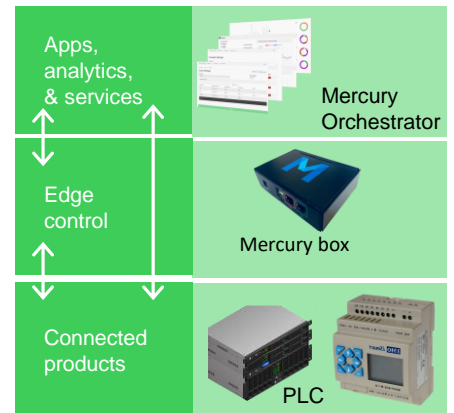

Enigmedia’s Mercury cybersecurity offer was fully compatible with the client’s requirement because of its non-intrusive installation and near zero latency.

Enigmedia is a technology partner of Exchange in the domain of Cybersecurity

System Integrator

Technology Partner

“ Thanks to Exchange the procurement process is reduced in just a few clicks.”

– Gerard Vidal, Chief Scientist Officer, Enigmedia
