CHECK-IN TO A NEW PORTAL DIMENSION

VANTAiO Enterprise Bulletin Board
Product overview

VANTAiO Product Management
May 2020
The physical Bulletin Board that you know belongs to the past.
VANTAiO Enterprise Bulletin Board
What is a digital bulletin board?

- Most people know a bulletin board as a physical board at a certain place, where people exchange information or information is shared by e.g. the management.

- A digital bulletin board is a further development of this – advertisements are visible in no time as well as modifications. In addition the entries have a much higher range than they would ever have on a physical board.

- VANTAiO combines these properties and many user-friendly functions in the Bulletin Board and thus provides a sophisticated tool for your company.
VANTAiO Enterprise Bulletin Board
The bulletin board fits in with your business if you ...

... want to encourage social exchange and cross functional as well as transnationally connections.

... want to provide your employees a safe space for sales and ad exchange.

... put value on the fact that users can generate content themselves and thus create an interactive, dynamic portal.

... are interested in a dynamic and easy-to-configure tool as part of your portal or as a standalone module.
VANTAiO Enterprise Bulletin Board
The most important facts

- Exchange platform for private and business inquiries, offers and requests, e.g. for sale among colleagues, arranging ridesharing or the communication of sports offers.

- Users set their own posts, optionally with images and attached documents.

- The integrated search works based on terms and categories. Additionally users can filter entries by type or category.

- Users see entries as well as the description sorted by recency and they can contact the provider right away.

- The module is integrable with all common SAP technologies (SAP JAM, SAP Cloud Portal Platform, SAP Enterprise Portal, SAP SuccessFactors).

- The usage is possible on all mobile devices because of its responsive design.

How the VANTAiO Enterprise Bulletin Board looks like for end users
How the VANTAiO Enterprise Bulletin Board looks like for administrators
**Bulletin Board**
Integration possibilities

- **Users**: Users can create and manage their own entries.
- **Admins**: Admins can configure categories, locations, and currencies.

Integration possibilities:
- SAP JAM
- SAP Cloud Platform
- SAP Enterprise Portal
- SAP SuccessFactors

**Bulletin Board**

SAP Cloud Platform
Additionally required (SAP) services:

- Subscription or consumption based contract for the SAP Cloud Platform Portal
- Connectivity (if you use an on premise system)
- SAP HANA database Service (size depending on you usage)
- Site visits (number depending on your traffic)

We suggest the SAP „starter edition 32gb“ package, which is available for 399€ per month and includes a custom domain, a bandwidth of 10GB per month, 80 site visits per month, Web IDE, 3,000 logon requests per month, 32 GB HANA database service, 10GB of Document Service, Cloud Connectivity, Community Support + additional site visits (1000 visits = 50€ per month)
VANTAiO Enterprise Bulletin Board

For which purposes can the bulletin board be used?

- Whether you are looking for a specific article or just want to look around – filter for results of the “Offer” type and add search terms optionally.

- Do you have an item that you do not need anymore, but that your colleagues could use? Simply insert an offer in one of the following categories: apartment, car, devices or miscellaneous. Name your price or give it away for free.

- Are you looking for a ride or would you like to offer free seats to your colleagues? Simply search for ride sharing offers or create a new one to share your ride.

- Did you lose something? Look for it in the “Lost and found” category. Or did you find something that does not belong to you? Quickly create an entry to bring back the lost item to its owner.
Verena Müller wants to sell a bookshelf that she no longer uses.

Offer

I am selling a new bookshelf from Bamboo Woods. The shelf has the following dimensions (WHD: 170 cm * 210 cm * 60 cm). The shelf can be completely dismantled. However, the location would be in Cologne and a personal pickup is mandatory.
Verena Müller is looking for an apartment in a city, which is not her home town. Because of this fact, she publishes the ad for another location.

Since I often do business trips to Dusseldorf, I am looking for a 2-room apartment for the weekends and short stays on weekdays. If possible, the apartment should already be furnished and located in the city center. The apartment is needed immediately. I'm happy about any hint.
Verena Müller did find a key chain in her lunch break. To return the keychain to its owner as quickly as possible, Verena publishes a picture of the found object.

Description:
I found a keychain today at 11:30 am on the parking deck 4 at the headquarters (see photo). I brought the keys to the reception, they can be picked up there by the owner.

Verena Müller drives to a different city on several days a week. On the Bulletin Board she looks for fellow passengers.

Every Wednesday and Friday morning around 8:00 am I drive from Cologne to Frankfurt. Maybe there is a colleague who has the same destination and the desire for company. If you are interested, just contact me, whether for a one-time take-off or a regular arrangement!

A member of the works council publishes an ad about a sports offer, which can be provided through the company's health promotion program.

Description:
There are still free spaces in different courses of the gym "Fit 4 life" near the central station. Feel free to contact me for more information. To participate a prior registration is required, because the offer is only available for corporate members and their families.

Please notice that the seats are limited, do not hesitate to contact me directly!
