Who we are

Simple and secure online payment solutions

Netcash offers you one online account for all your business payment needs

With more than 19 years experience in the payments industry, Netcash is a market-leading solutions provider to South African businesses and organizations. We provide quality payment services and are passionate about giving our clients the best possible suite of services to assist them to succeed.

Compliance

Netcash is registered with the Payments Association of South Africa (PASA) as a Systems Operator and Third Party Payments Provider. We are registered with the Payment System Stakeholder Forum (PSSF) and Financial Conduct Authority. We are also a Level 1 PCI compliant operator for credit card processing.

The company

Netcash, founded in 2003, has since grown to be a leading third party payment provider. Specialising in payment and collection services to South African businesses and organisations. Its client-centric payment services include Debit Orders, Salary and Creditor Payments, Billing, Payment Request, Scan to Pay, Retail Payments, Risk Reports and eCommerce solutions. The company provides multiple innovative and integrated online payment solutions that are efficient, simple, and cost efficient.

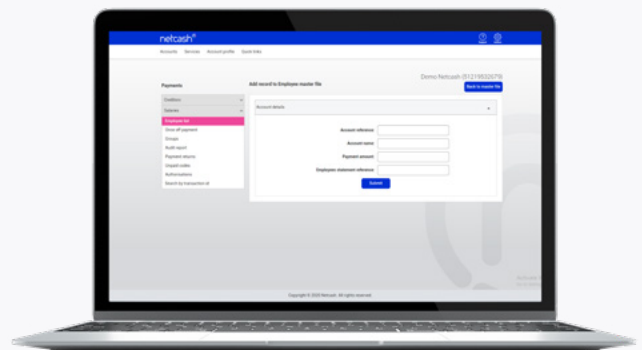

Security

The Netcash system is developed with the same demands on security and performance as the sites used for internet banking and share trading. Our servers are hosted behind multiple firewalls to protect transactional and banking information against unauthorised access from third parties, loss and fraud.
